

CARECLEAN AQUAWASH

A Completely biodegradable general purpose cleaner.

- * Bio degradable
- * Mineral oil free
- * No organic solvents
- * Non flammable
- * Suitable for most surfaces

Directions for use

Spraying

For contamination, Careclean Aquawash is sprayed on undiluted and left for 20 - 60 minutes. It must then be hosed off with a powerful waterjet, whilst brushing the surfaces.

General cleaning

Careclean Aquawash can be diluted to a 2% solution in water for light cleaning. It must be allowed to soak for 1-15 minutes before rinsing with a waterjet. The effectiveness of the product is increased by using water at a temperature of 20 up to 60°C for dilution and rinsing.

Properties

Careclean Aquawash is a green coloured liquid which contains anionic and nonionic surface active agents and complexing agents. It can be used on most common metals, synthetic materials, rubber and hardened paints and lacquers.

Specific gravity (20°C) : 1.05
pH (1% solution) : 7
Flash point : none
