

CARECLEAN MULTICLEANER

A Completely biodegradable general purpose cleaner.

- * Powerfull cleaner
- * For general and tankcleaning
- * No organic solvents
- * Non flammable
- * Suitable for most surfaces

Directions for use

General & Tankcleaning

Careclean Multiclean can be diluted to a 2-10% solution in water. It can be used for spraying, recirculation and direct injection. The effectiveness of the product is increased by using water at a temperature of 60 to 80°C for dilution and rinsing.

Properties

Careclean Multiclean is a green coloured liquid which contains anionic and nonionic surface active agents and complexing agents. It can be used on most common metals, synthetic materials, rubber and hardened paints and lacquers.

Specific gravity (20°C) : 1.05
pH (1% solution) : approx. 9
Flash point : none
